GIS Day 2019 Poster Competition Guidelines and Evaluation Rubric

To be considered, a print poster should include the following:

Author name(s)

Abstract

Introduction

Materials & Methods

Results/Key findings

Conclusions (implications/lessons learned)

Notes:

- Creating a poster is easy! www.Posterpresentations.com is just one website that provides poster templates free of charge. For guidance on proper usage of UM colors and logos, visit <https://ucomm.miami.edu/tools-and-resources/visual-identity/index.html>
- 10 simple rules for good poster presentations: <http://www.ncbi.nlm.nih.gov/pmc/articles/PMC1876493/>

Evaluation Rubric for GIS Day 2019 Poster Competition

Poster Author:				
Poster Title:				
	1 (Low)	2	3	4 (High)
Relevance—significance of research /contribution				
Technical quality—soundness of data sources and methodology				
Clarity of presentation-- organized, clear, concise, comprehensive				
Visual Impact-- How effective is this poster visually? How do the visuals (figures, graphs, maps, etc.) enhance viewers' understanding of the research?
