

A NEW WAY TO MEET.

Now open in Miami's renowned shopping destination Dadeland Mall, AC Hotel Miami Dadeland offers 177 modern guestrooms with a distinctively European twist. Created by Simon and Concord Hospitality Enterprises in collaboration with Marriott International, this hotel spans seven floors and is home to an array of enticing guest amenities.

A European breakfast is served in AC Kitchen and Spanish tapas, along with cocktails including the AC Gin and Tonic, are offered in the AC Lounge. The highlight of the property, however, is the AC pool featuring cabanas and a poolside bar.

Additional amenities here include fitness facilities and the AC Store, enabling guests to pick up snacks and local products in a hurry. Moreover, the hotel has 3,600 sq. ft of event space encompassing five rooms featuring high-tech equipment.
